

ECLIPSE sit harness QC

H02Q

Quick connect sit harness compatible with CORONA chest connection for rope access

Features:

- Large waist D-ring for multiple attachments
- Reinforced gear loops with 20kg SWL
- Folding side D-Rings
- Elasticated webbing keepers
- Integral work seat attachment points
- High padded lumbar support with waist and leg padding
- SafeLock[™] quick connect buckles

Large ring allows easy attachment of descenders, lanyards and cows tails, reduces bulk at front of harness. Also suitable for rescue loads.

Lumbar support gives high degree of comfort.

Padded leg loops improves comfort and reduces fatigue.

D-Rings allow work positioning and fold away discreetly.

Elastic keepers stow webbing tails away from hazards.

Gear loops are lightweight, durable and accessible with 20kg SWL.

ID labels have extended life and are not prone to snagging.

Compatible with Corona chest harness to give an EN 361 harness.

Specifications:
