

GRATEMATE Plus rope protector

MR60Q

Steel rope protector for metal or composite grating walkways

Features:

- Provides protection for 2 ropes in separate apertures (13mm max)
- Stainless steel construction
- Fits a wide range of grating sizes
- Rapid fitting without tools

Separate rope apertures to reduce the risk of rope damage from rope on rope contact.

Stainless steel construction for durability and corrosion resistance.

2 separate rope tubes spaced apart with maximum outer diameter of 24mm allow the Gratemate to fit in to a wide range of grating sizes.

Cam lever gives quick and secure fitting without the need for tools or other equipment.

Option:

MR63 - Lightweight composite version

Registered Design 5003381

Specifications:
